impressions

Impressions are experiences and people that have a significant impact upon us. Every experience that we encounter as individuals affects us. Impressions are those experiences in which we find meaning and which remain with us. What is imprinted within us is highly individual, as we all are different and affected in varying ways by our surroundings and people. The value of an experience is determined by the individual and how the experience connects to him/her. One's self is composed of impressions; the trials, laughs, sorrows, and joys. We

1991-1994

are growing into our lives, constantly learning, experiencing life, and progressively moving on. Our four years together in high school have a different meaning to each one of us. No two people are affected in the same way and carry the same impressions with them. We have shared the experience of high school and we will now leave, carrying its influence with us. Our lives will continue to move beyond high school, yet within all of us — our impressions will remain.

Senior

impressions

As you glance through the next few pages for the first time, or for the first time in ten years, you will see the many faces of the senior class of 1995. Beyond these pages of faces are individuals who have grown and changed throughout their four years at Berlin High School. We have learned a great deal, not just in classes, but through experiences. We have changed as people since we first entered the high school as freshmen. The four years spent in high school have helped us determine our goals and our future destinations.

Beyond and behind these faces, sometimes hidden, are people who have strengths and weaknesses that we have never realized. Perhaps some of the smiles contain immense hope for the future. Perhaps behind a pair of eyes there is a desire to move on to another life beyond high school, and yet in other eyes, are traces of tears which accompany leaving high school. Perhaps within all of us there is a piece of B.H.S., an impression that will be with us, and one which we will be reminded of when we look back on each others' faces.

“ “ We are now about to enter a new world, one where the old rules don't apply. — Mike Gionfriddo

” ”

“ “ My impressions of B.H.S. . . . leaving. — Kim Timbrell

” ”

“ “ These are the days to remember, because it's the last time we'll all be together. — Coralee Ciarcia

” ”

“ “ What I will take with me beyond "the portals" of B.H.S. is the knowledge that life is what you make it, and that it is possible to succeed as long as you have something to believe in. — Lidia Baldea

” ”

Past and Present Officers

Laurie Chamberlin, Jason Lineen, Anne Neville, Ryan Szczepanik,
Sarah Fontaine, Steve Pagella, Christa Veleas, Sandra Costa

Senior Officers

During the past three years I have served as secretary, I have watched the Class of '95 work hard to achieve many outstanding goals. These years of high school were years of preparation for our future encounters with the world outside these doors of B.H.S. It has been an honor to serve you, for it is rewarding to know that the hard work contributed by the officers and advisors has made the Class of 1995 one to be proud of.

Sandra Costa, Secretary

Jason Lineen, Steven Pagella. Sandra Costa, Laurie Chamberlin, Christa Veleas.

Holding the position of class treasurer for the past four years has given me the opportunity to watch our class grow into mature and responsible young adults. It has been a pleasure working with our two advisors, Mr. Warburton and Mr. Brittingham, and all of the other class officers. We have shared many great memories, thanks to the hard work and dedication of our class officers. I am glad to have contributed to the overall success of the class of 1995.

Christa Veleas, 1995 Class Treasurer

Dear Class of '95,

Throughout these long years of our education we have come across heartaches and turmoil, but we've also had some pretty cool times. We have all had our unique experiences and that is what makes us individuals. I believe our class to be one of the most independent groups of people to pass through Berlin High School. We stand up for ourselves and our ideas and work hard to get what we want.

I know that I will never forget my years in this high school. I feel that we have all learned a great deal about ourselves which will hopefully make our futures more successful. The future for us is all in our minds; if we believe in ourselves then we can achieve our highest goals. "I have to leap to find my way. Leave the road and memorize the life, the past before my eyes." R.E.M.

I sincerely wish all of you good luck and hope that if you ever feel lost or alone, your strength and courage will help you to find your path. I have faith in you all!

Sincerely,
Laurie Chamberlin, Vice President

To the Class of 1995,

Upon the defeat of the invading German army by the Russians, the tide of World War II began to turn in favor of the Allies. For the first time, the unconditional surrender of the Axis Powers seemed to be at hand. However, it was Sir Winston Churchill who cautioned both President Roosevelt and Joseph Stalin not to assume that the end of the war was near. To them Churchill said, "Now this is not the end. It is not even the beginning of the end. But it is, perhaps, the end of the beginning."

While these statements were made under circumstances quite different than those we face today, the idea behind them still holds true. As you leave Berlin High School, do not look upon it as an end, but rather as a turning point, a crossroads, which will lead to better times. Your years at Berlin High School were merely preparation for that which lies ahead.

And what of that which lies ahead? What will the future bring? Unfortunately, neither I nor anyone else has the answer to those questions. The future by its very nature is complete with mystery and uncertainty. Yet your future is one of the only things which is yours and yours alone. Master it. Sculpt it into whatever form you wish. Remember, no future is unalterable.

So with that in mind it is now time to continue the journey. I wish you all the best and hope that your lives are everything that you desire them to be. My last piece of advice is this, follow your heart, it will never lead you astray.

Steven Pagella, Sr. Class President

As the vice-president for the past two years, it has been a pleasure to serve the Class of '95. I feel like a member of a championship team, because our group of advisors, officers, and students work so well together. Our individual strengths complement one another, thus creating a highly productive and close-knit crew. Whether it be fundraisers like the candy sale, the Berlin Fair booth, or the concession stand, I knew there were students whom I could count on in a time of need. Your help has been graciously appreciated. I feel that the officers have worked extremely hard, but much of the credit must be given to our class advisors, Mr. Brittingham and Mr. Warburton. They have sacrificed much of their personal time for every member of this class. Alas, with great honor and respect I thank you for exhibiting faith in me to serve the Class of '95.

Class Advisors

Mr. Thomas Warburton
Mr. Stanley Brittingham

Mr. Brittingham and Mr. Warburton excelled in their roles as advisors to our class. When we were underclassmen, they helped us realize what we needed to do and how to go about it. As we learned what had to happen and how, they guided us. Their willingness and availability were essential to the success of fundraisers, which in turn led to many important memories, such as Junior Prom. It is impossible to know all of the efforts and "behind the scenes work" that Mr. Warbs and Mr. Britt put into making class events run smoothly and successfully. We will probably never know everything that our advisors have done for us. Not only were Mr. Warbs and Mr. Britt advisors in raising money and organizing events, they were people to whom we could talk as well. The senior class is deeply grateful for your time and dedication that you have willingly given us. Thank you Mr. Warburton and Mr. Brittingham for all of those unnoticed efforts that you have put in to make our years at Berlin High memorable.

As of our junior year the pep rally has been held at Sage Park rather than in the gym. The pep rally used to take place during school, but it was held in the evening the past two years.

At each pep rally the band, drill team, colour guard, and cheerleaders perform. This year the performance songs were 'The Heat is on in Saigon', 'Keep on Cookin'', and 'Great Balls of Fire.'

Everyone gets together to show support to all of our sports teams. Various contests are held between classes such as tug of war and the toilet paper wrap.

Spirit Week is a week when the whole school gets together and has a lot of fun.

The theme of our Junior prom, "Angel Eyes" was determined by a class vote. The king and queen of the prom were Phil Leonard and Tricia Kelly.

"Proms are supposed to be nights where you have fun and go crazy with your friends . . . and we did." — Marinela Vinci

"It was a night for dancing fools and we fools danced till we dropped! Literally!" — Marc Scalia

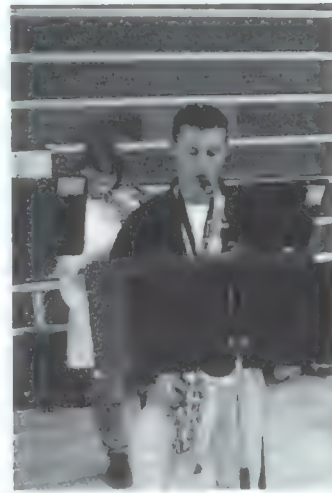

"Being the Homecoming Queen was one of the greatest experiences of my life. It is too tough to explain how you feel because the feeling is unexplainable. This years Homecoming dance was fun, and I think everybody had a great time! When you see everybody dancing and laughing it makes your night go a lot better!" — Cathy Lechowitz

"Homecoming this year was memorable because I actually got to go. It was better than Junior Prom because I stayed later than 9:30." — Bridget Mosher and Jen Brown

"I had fun and I enjoyed spending time with my friends. I hope Senior Ball will be as much fun." — Jason Kissel

Andy Capen, Ian Race, and Emily Berger march at MGM Studios in Florida.

In 1992, our sophomore year, the band, drill team, and colour guard headed south to perform in Florida during April vacation. They performed a parade at MGM studios and also performed at Universal Studios. As well as performing, they spent some time in Disney World.

Although the band has not competed extensively, our junior year we began to view competitions as well as participate. Our first marching band competition was "Music of the Knight" held at Southington High School.

The Band was under the direction of Mr. Campanario during our first 2 years at B.H.S. Our Junior year, Mr. Kelly was welcomed into his new position of Band Director.

"Repel them, repel them, make them relinquish the ball, place obstacles in their path to impede their progress." — Kris Ann Beaudoin

"The band is like a Thanksgiving dinner. Trumpets are the turkey, Clarinets are the potatoes, Flutes are the gravy that adds flavor to the ensemble, and Saxophones are the cranberry sauce that rounds out the feast." — Ian Race

"That was the best experience of my life to compete against such great schools. It really makes you aware of what you're up against." — Melanie Huggins

"I will never forget Sophomore years Championship football game against Middletown. My frost bitten toes will never be the same." — Kate Turgeon

The chorus has been a competitive organization through all 4 years we have been at B.H.S. In 1993 the chorus went to Williamsburg, Virginia to participate in a national festival. The chorus and the madrigals received a third place gold award. In 1994 the chorus, madrigals and jazz band scored great successes in Canada.

Annually, the chorus sponsors a talent night as well as a Battle of the Bands. A variety of dance, singing and instrumental acts are performed and judged.

The Madrigals are a select choral group who perform in a variety of places around Connecticut. They put much work into their annual Madrigal Feaste.

"Being a part of the BHS musicals for the past three years has been a great experience. The hard work put in was rewarded by the standing ovations. I've made many friends through this." — Teena Blancaflor

"The musicals I've been involved in during my Berlin High career have provided me with a way to unwind by doing something that I like." — Mike Peterson

"It's surprising how a Scottish accent and a glass of milk can bring out the best in someone." — Dan Osborne

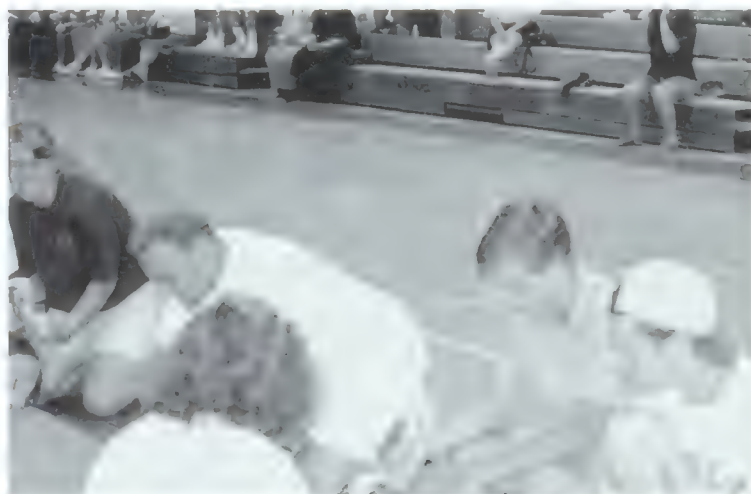

Weeknights during the months of December through March, including vacation, were devoted to the success of each production.

Our musicals would not be musicals without the dedication and time from the Pit Band and Cory Pawlicki.

We could not even attempt to put on a show without the hard work of Mr. Kelly, Ma Kelly, Mrs. Frost, Chris Cote, Lisa DeGroff and many others who gave their own time to us — thank you.

Upbeat weekends are an experience in which those who have participated will not forget. Within two days peer leaders are put through intense training. These weekends are a chance for students to learn about each other, not by which class they are in, or whom they hang out with, but who they are as individuals.

The entire Upbeat community team, police, and peer leaders work to organize an annual town wide Awareness picnic. There is free food and multiple activities for families.

As Juniors we worked with the Senior leaders of the program to implement a huge fund raiser for Mrs. D'Angona. Her son had been in a severe accident and we felt that we could help her in this difficult time. As seniors we had the opportunity to present Mrs. D'Angona with an \$8,000 check.

"Upbeat has been a very important part of my life the last four years. I will always remember the fun, the weekends, the tears, and all the friendships that I have made." — Annjanette Bennar

"We have come a long way from 'stealing cookies' and playing 'hide and go seek.' Through our laughter and tears, we have grown together as friends and as a *family*." — Emily Berger

"Upbeat has given me an opportunity to find myself. Because of Upbeat, I enjoyed high school life, full of friends, fun, and everything I didn't expect. Upbeat gave me what I was looking for!" Ralf Barczak

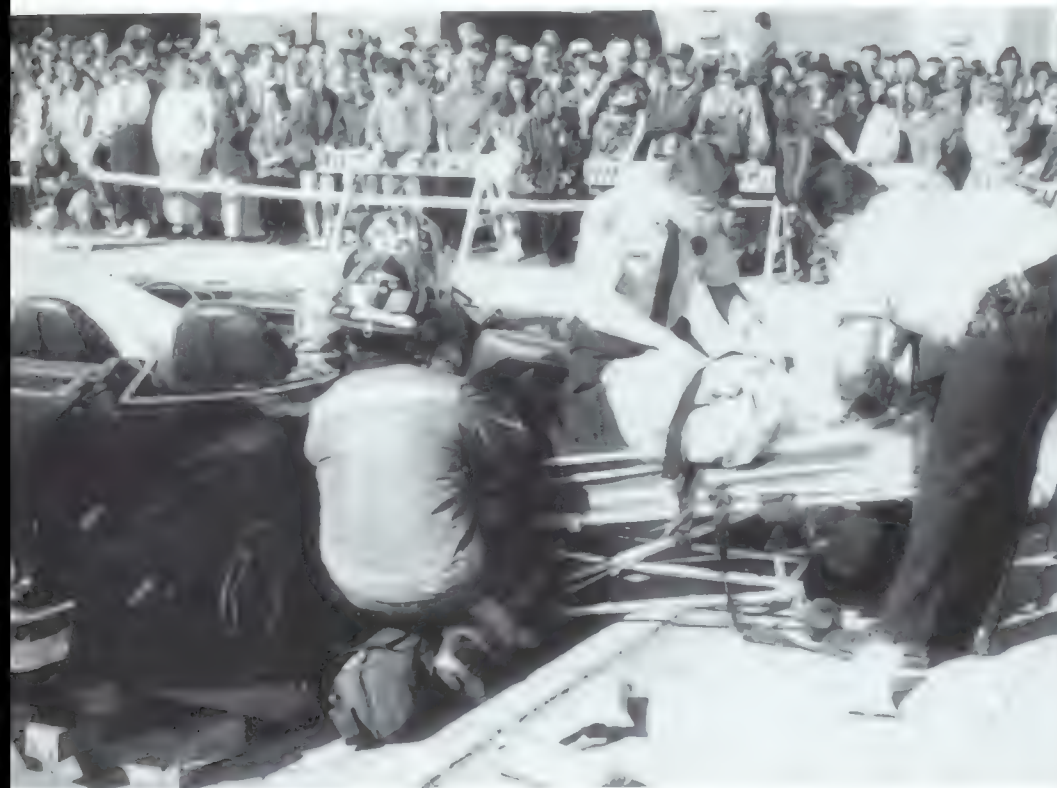

"Serving the community of Berlin through such a positive organization as Upbeat has been quite fulfilling. The opportunities are overwhelming and the challenges are ceaseless; Forever teaching us to stand firm in our beliefs." — Jason Lineen

"Upbeat has done nothing but help in my outlook on life and my personal life." — Scott Meyer

Behind all of the projects and activities going on within the Peer Leadership program there is a woman in the Guidance office who founded and coordinates the program. Thank you Ms. Mitchell.

The Peer leadership program is led by a group of seniors known as the senior board. These individuals are interviewed by Ms. Mitchell and the student coordinators. This year there are about 22 members.

In cooperation with the police and other town officials a mock car crash caused by drunk driving was staged in the student parking lot.

Those Juniors who were enrolled in the UCONN Bio class with Mr. McNulty participated in Project Oceanography. They did research in the Thames River estuary and spent the night at a lighthouse. A major lab report awaited them upon their return home.

Juniors who were in the Jr. Honors English class with Mr. Calise went on a literary tour of New England. A committee of students arranged visits to the Touro Synagogue, Thoreau Lyceum, Newport Mansions, Walden Pond and Sleepy Hollow Cemetery.

A special event was held one day in our Junior year. A Women's Colloquium was arranged by the Student Values Committee. Woman role models from around the state came and spent the day with the Berlin High female students.

Speakers;

How could we not have enjoyed seeing two of the most influential people (Christopher Dodd and Barbara Kennelly) in Washington right in front of our eyes.

American Studies;
Going to Ellis Island finally gave me a chance to realize what my heritage is all about.

— Kevin Degutis
Multicultural Day;

I really enjoyed sharing information about the country of my birth, Poland, with my classmates. I feel that in this way I brought them closer to who I am as a person, and most of all, what my country is all about.

— Margaret Wozniacki

Jr. English trip;

Bio. Project O;

It was interesting to learn how our weekly labs were used in the real world research.

— Bob Dirga

Annually a Multicultural day is arranged by a group of faculty and students. This day long event includes assemblies and speakers which represent various cultures. This day is concluded with a pot luck dinner.

B.H.S. students have been privileged to have various fine speakers visit the school. Christopher Dodd spoke to small groups of students in our Junior year and Barbara Kennelly spoke to Juniors and Seniors in 1994.

The American Studies class, which is taught by both Doctor Silva and Mrs. O'Brien, ventured out of the classroom to experience Ellis Island last fall.

International

impressions

The senior class of 1995 welcomed a new student from Steyr, Austria this year. Tobias Grandy came to America because he wanted to experience something new, and several people he knew had visited America before. When he first got here he thought that everything was exciting and new, and because of that he thought that America was better than home. During the school year Toby learned and experienced many aspects of America, some of which he believed were positive and some which were not. Since he is athletic, he enjoyed running cross country and wrestling for the first time. He thought that the coaches were great and he learned self-discipline as well as gained self-confidence. On the negative side, he noticed that Americans are too involved with their televisions and less involved with other people. Overall, school in Austria is much different. He did comment on how helpful the faculty was, as well as all of the new people he met at Berlin High. Unlike many members of the senior class, Toby did not have to deal with the stress of wondering what to do after high school. When he gets back to Austria, he has two more years of high school, and then he applies to a college. Toby is leaving the United States shortly after graduation. He says that he will miss the food and sports the most (McDonald's is not popular in Austria, although there is one in his town). He will also miss his housemother and brother, Andrea, and Kevin Yukna. During his visit, which will be a little less than a year, Toby believes that he has become more open minded. He has come to accept many different people and he has stopped judging people as much.

Student Life

impressions

What can happen in a day in the life of a B.H.S. student? Besides periods A through G, which is enough to begin with, we are involved in a variety of activities. Seldom does the school clear out at 1:45, as teachers have extra help, clubs have meetings, the media center is open, and athletic teams hold practice. During period Y we get a chance to catch up on studies, attend meetings, or just hang out in Senior Court. Weeknights we can be found at an athletic event, either on the field or cheering on our classmates. Some clubs meet weeknights or even Sunday nights. The marching band, drill team and colour guard have rehearsals on Wednesday nights during football season in order to perfect their half time show. Students also put in time during and after school in order to publish the By-Line, Yearbook, and Literary Magazine. In October of our Senior year some peer leaders spent time after school cleaning the graffiti off the signs around town. The variety of service organizations sponsor and participate in a variety of activities throughout the school year. The Service League holds their annual card party and fashion show. The Science Club does research within our environment. The chorus and the Madrigals sing at town wide events. Overall, a Berlin High student is not merely a student, but an individual who is an active member of the Berlin community.

Student Life

Diverse

Walking down the halls of BHS, one can see the variety of people, based on what they are wearing. Conformity is out of style and most everyone, if it is possible, is unique. On a deeper level, if one could drift among the thoughts of BHS students, one would find an even greater diversity. Although Berlin High may not have a great deal of cultural and racial diversity, diversity of thought pervades the student body. This can be seen in the variety of clubs and activities that students choose to devote their time to. There is Art club, Amnesty International, and even a newly formed Bible club. If one asked each student his/her opinion on one issue, no doubt there would be a variety of answers. Some would passionately argue their viewpoints and some would express ambivalence. The uniqueness among the students has provided an accepting climate where, for the most part, anyone is free to express his/her views as part of the student life at BHS.

B.H.S. students get into the Spirit of Things.

If you see hats atop the heads of students and outfits that look like they came right out of the 60's throughout the halls, then it has to be Spirit Week at Berlin High. It's a week where dress codes are altered and energy is high. Although not everyone participates in the daily requests; hat, color, hippie, class, and B.H.S. logo day, most students are proud to display their school spirit. Not only do students participate in spirit week, but if they are lucky they may see Mr. Brittingham and Mr. Warburton, our class advisors, sporting their 60's attire. To close the week there is an annual pep rally held at Sage Park. Escorted by the police, a motorcade of screaming people and decorated vehicles began the Thursday evening rally. Our Redcoat band, Drill team, and Colour guard performed their show for a set of full bleachers. All of the fall sports teams were introduced and welcomed by a supportive crowd. Overall, the spirit week festivities were a great way for everyone to start off the school year.

The Spirit Dance . . . *what more is there to say?*

The annual spirit dance took place on Friday, September 23, in our own B gym. There was loud music playing as the spirited Berlin High students danced the night away. The dance began at 8 pm and ended at 11 pm. The students showed their spirit by wearing Berlin High's school colors of red and blue. The students were all ready and excited to cheer on the BHS football team as they were to play Northwest Catholic the following day. The mighty Redcoats defeated the Indians with the score of 22-15.

Homecoming 1994

Homecoming 1994 was held on a brisk October day. The festivities began early in the afternoon at the annual football game. Anyone could tell that this was not an ordinary day. The cheerleaders had decorated the stands with blue and red. The seats were packed and everyone was in good spirits. During half time the band, drill team, and colour guard performed. The Homecoming Queen and her court were then presented to the record crowd. The Freshman attendant was *Debbie Siegrist*, sophomore attendant *Tara Gentile*, junior attendant *Debbie Harris*, and the senior attendant was *Robin Er-*

ickson. *Laura Woyasz*, last year's queen crowned *Cathy Lechowicz* the 1994 Homecoming Queen. That afternoon Berlin beat *St. Paul* with an impressive score of 40 to 6.

After the game many students went home to prepare for the evenings semi-formal dance. Many couples attended the dance which was held in the transformed B-gym. Green streamers and balloons covered the usual bleachers of the gym. Overall, the evening, which was planned by the Student Council, was an enjoyable way to spend a Saturday night in fall.

Clubs: Beyond the halls of BHS

BHS offers students a variety of clubs which fit most everyone's tastes. As freshmen, we have an opportunity to be members of clubs under the guidance of a faculty member and our peers. As we become more responsible, some actually get to hold office in clubs and organizations. If someone wants to, and can find an advisor, it is possible to start your own club as well.

Clubs give students the chance to experience other important aspects of life besides academics. Club activities range from doing community service to scientific research; writing poetry to performing on stage; and observing a teacher to solving a challenging math problem. Many students participate in more than one club, as it is possible to be involved in many. Usually, by the time students are upperclassmen they can find a number of clubs in which they have taken a great interest.

Overall clubs gives students the opportunity to work together doing something they are all interested in. As a freshman, going to your first club meeting you meet many people whom you never knew shared the same concerns and interests with you. As cooperating groups, clubs make an impression on the community as well as the students of BHS.

The Rhythm of Berlin

High Band

The Berlin High Marching band, Concert band, Jazz band, and Wind ensemble give BHS its rhythm. Whether it be on the field at a football game, or on the stage for a holiday concert, the band successfully entertains the assembled crowd. Although the band rehearses during school, the jazz band has practices outside of class and the marching band spends Wednesday nights during football season out in the parking lot.

Without the jazz band our basketball games would not be as lively. The jazz band gets our team ready to play and gets the fans excited. Wind ensemble performs pieces at the winter and spring concerts. Mr. Karam works with the wind ensemble in order to refine the pieces until they are nearly flawless. Although the band members exceed 100, Mr. Kelly and Mr. Peronace successfully plan our half-time shows. With the help of Drum Majors Laurie Chamberlain and Ian Race, as well as Drill Sergeant Dan Osborne, the marching band will compete this spring in Virginia in a competition with bands from all over the U.S. Overall, the BHS band and its diverse factions add life to the daily rhythm of bells and classes.

Clockwise: B.H.S. Band, Colour Guard, and Drill Team; Band Director: Mr. Kelly, Wind Ensemble Director: Mr. Karam, Trumpets; Andy Capen and Bo Rosso show off their musical talent at the Homecoming Game; Seniors of the marching Band; Section Leaders — Emily Berger, Sarah Fontaine, Kris-Ann Beaudoin, Steph Galvin, Mark McKinniss, Dan Osborne, Andy Capen, Audrey Chapo, Scott Leutze, and Dave Warnke; Drum Majors — Ian Race and Laurie Chamberlin; Drill Sergeant — Dan Osborne; Band Officers: President — Kris-Ann Beaudoin, Vice President — Dave Warnke, Secretary — Annjanette Bennar, Treasurer — Andy Capen. Opposite page (clockwise): Laura Bugay takes a break from playing, to smile for the camera; Wind Ensemble; Jazz Ensemble.

Colour Guard

The 1994-95 Colour Guard has had a very busy year. The Colour Guard begins practicing in August at Band Camp. There the squad works mornings and nights for a week in order to get ready for the pep rally and the football season. The Colour Guard performs at basketball games and in the Memorial Day Parade. This year the Colour Guard went on a trip to Virginia and there they performed spectacularly.

The Colour Guard was led by Senior Captain Catherine Lechowicz and Junior Captain Jessica Bighinatti. The president Heather Scerra, vice president Melissa Smolski, and secretary Natalie Melnyk. The advisors Rex Smith and Gloria Frost.

This years Colour Guard has worked extremely hard in order to be one of the best squads in the history of B.H.S.!

Drill Team

The Berlin High School Drill Team is very active throughout the school year. Advised by Mr. Rex Smith and Mrs. Gloria Frost, the Drill Team is known for their fantastic pickline and dance ability.

Led by senior co-captains Christa Veleas and Tracy Contino the Drill Team began their season with Band Camp. Band Camp was the week before school started where the Drill Team, Colour Guard, and Band all attended morning and evening practices to learn their routines and field positions for the upcoming halftime show. Drill Team also performs at the annual Pep Rallies and during the basketball season. The squad is made up of twenty seniors, juniors, and sophomores who represent Berlin High School with pride. All the members agree that being on Drill Team is a positive experience and a lot of fun.

Clockwise: The Drill Team and Colour Guard cheer on the football team at the Homecoming Game; Seniors of Drill Team and Colour Guard; Drill Team and Colour Guard members Rachel Sayko; Stacy O'Brien, and Christa Veleas perform during the halftime show; The 1994-1995 Drill Team; Drill Team Captains — Christa Veleas and Tracy Contino; The 1994-1995 Colour Guard; Colour Guard Captains — Cathy Lechowicz and Jessica Bighinatti; Taylor Norton and Teena Blancaflor entertain the fans with their flag routine.

"All ye who music love and would its pleasures be"

The Berlin High School Chorus, with director Mr. Robert Kelly and officers Ralf Barczak, Teena Blancaflor, David Leng, and Tenille Kendall, has the highest attendance this year in history. The group is approximately 120 large and can hardly fit on the risers to perform on stage at concerts.

Last year at a competition in Canada the Chorus received a gold medal for their performance. The group was ecstatic and all were happy that their hard work had paid off. Needless to say, the trip turned out to be very successful and was a lot of fun for everyone.

Throughout the year the chorus performs the "Star Spangled Banner" at football games, sings Christmas carols at the lighting of the town Christmas tree, performs at concerts, and competes at festivals every other year. The group also organizes a talent show each year which involves any students who want to perform.

The madrigal singers are in their fourth season this year. As in the past, they are involved in many performances during the Christmas season. The performances include songs ranging from traditional carols like "Deck the Halls" to madrigal songs like "To Shorten Winter Sadness."

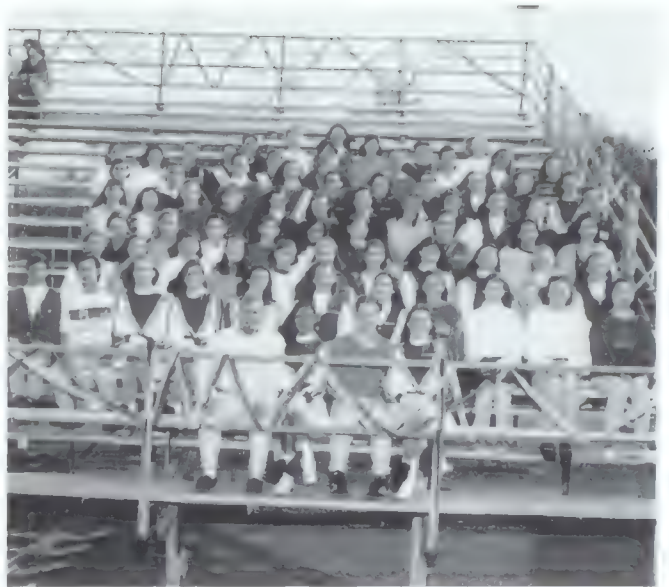

This year the singers were invited to a special ceremony at the Bushnell for the Connecticut Teacher of the Year induction. Mr. Kelly, director of the Madrigals and 1995 Berlin Teacher of the Year, was delighted to have the singers perform. The beautiful costumes and voices were well received by the audience who gave them a standing ovation.

As soon as the Holiday performance is through, and the Madrigals will continue to prepare for their January feast. Parents, teachers, and students enjoy the food and the entertainment at the annual feast. This gives the group an opportunity to combine their musical and dramatic talents and enjoy a monetary profit.

The Madrigals have been a positive addition to the music department. They will continue to perform throughout the year as well as sing in a spring competition.

Drama Club Presents
Brigadoon

The Drama Club isn't a club at all in the sense of having officers and meetings. It is however a vital organization which produces successful musicals each year. Mr. Robert Kelly directs the annual musical, which this past year was *Brigadoon*. Students from all classes became fellow villagers in the fictitious town of Brigadoon for a few months. This year the show will be *Guys and Dolls*. Anyone is welcome to audition and many talents are combined to produce an exceptional show. Besides acting and singing talents, Berlin High's musicians can participate in the Pit Band. Those who can dance usually have the job of teaching those who are less coordinated a lesson in movement. Without Anne Kelly's (Ma Kelly's) ability to turn a curtain into a costume, who knows what the characters would be wearing. Many other teachers and community members donate their time and money to make the bland stage come to life each March in the musical production.

"A Special Experience" 1994/1995 Cheerleaders

The 1994/1995 Berlin High School Cheerleading squad has been very busy during the past year. Aside from performing at the football games and the basketball games, they have become involved in the Special Olympic World Games. The squad performs at all of the events leading up to the Summer games and they also have the opportunity to work closely with the athletes. This year has been even more fulfilling for the seniors. They have had the opportunity to spend a great deal of time working with the squad. The seniors have become not only teammates, but very close friends. The cheerleaders have experienced an extraordinary year in their association with the Special Olympics — an enriching experience for each member of the squad.

From school to weekends to making an impact . . . Upbeat

The Upbeat Peer Leadership program was started about 6 years ago with the purpose to make the community a better place for students, parents, teachers, police, and other community members. It is always difficult to attempt to define Upbeat, as its efforts are so diverse. Basically it is an early intervention and prevention program which targets positive ways to reach people and keep them from using drugs and alcohol. There is a community team and a core team which meets regularly to discuss the program and how it is running. The Peer Leadership program is run by students, in particular a board of 25 seniors including three coordinators. The coordinators this year are Ralf Barczak, Emily Berger and Jennifer Cayer. Ms. Alice Mitchell runs the program and it is easily apparent at the number of students filtering through her office each day. Peer Leaders try to be role models to younger students and frequently present to kids in the elementary schools and the middle school. Not only do members of the program participate in projects, they think of ideas and organize them. Involvement in Upbeat is highly intense as members attend meetings as well as periodical weekends at Camp Woodstock. These weekends involve training and cooperative group activities. Upbeat has and will continue to connect the gaps which exist within the community and the schools.

Glimpses of the "Real" world Academic Clubs

There are a wide variety of academic clubs for students to join. These clubs offer students the opportunity to delve deeper into an area which interests them. Science club offers those interested in science an opportunity to do real research outside of the classroom lab desk. Some students have realized that they may want to major in business. The Business club offers them a head start by discussing issues dealt with in the business world. The Math team gives students the opportunity to perform under competitive pressure. Future Teachers of America supports students observing other teachers in the high school or in other schools in the town. By doing so, those interested in the field of teaching get to view what it is like to be one on the other side of the desk. A new club this year, the Art club, brings those who are interested in pursuing a career in art together. Future Nurses, a club which began this year encourages those interested in the field of nursing. Through speakers, field trips, and outside projects, members of these clubs prepare themselves for a future career.

Lending a few hands Service Clubs

There are many students at BHS who want to make a difference. Many of these students belong to clubs which offer help to the school and community. These clubs include Service league, Ophelia club, Red Cross, Hope, and Student Council. Each club does different activities, but the goal is still the same, to help others.

Service League makes a Thanksgiving basket for those that are in need, they also sponsor a senior citizens Christmas party and a Card Party and Fashion Show. Members of the Service League also help with parent/teacher conferences and morning announcements.

Ophelia club holds food drives and collects toys for the Toys for Tots program. They often visit the Jerome Home and spend time with the elderly. Ophelia club sponsors the School Turkey and Sweetheart contests which raise money for charity.

The Red Cross club sponsors a blanket drive and friendship boxes for those who are less fortunate. They also teach younger children about safety.

H.O.P.E. (Help Our Planet Earth), the environmental club, tries to raise students awareness about environmental issues. They sell t-shirts to raise money for environmental charities.

The Student Council sponsors many school related activities including the Homecoming dance. The Student Council represents the school and tries to make it a better environment. Members discuss issues which concern the students.

Reaching Out B.H.S. Clubs and Publications

The members of Amnesty International are part of an international movement working for the protection of human rights. They seek to release prisoners of conscience through non-violent means such as letters, petitions, and benefit concerts. When people aren't allowed to speak freely, act freely, or live freely, Amnesty members join their fight for human rights. Through education, A.I. hopes to teach the school and the world, that beliefs are a right, not a privilege. The members of the Youth & Government Program try to fight injustice in another way. They hold a mock legislature at our state capital each year. Members spend months writing and researching bills, which they then present to more than 350 students from around Connecticut at a three day conference. Last year, members from Berlin began political parties, ran for elected office, and debated intensely. They proved that although their numbers may have been small, their caliber was great. Anne Neville won the prestigious office of governor at the 1994 conference. The International Club has been an outlet for change. Each year they have tried to promote diversity through "Multicultural Week." During the week BHS students have listened to speakers, eaten food, and listened to music from all over the world. The International club has opened the eyes of B.H.S. by showing new thoughts, new issues, and new ideas. Each of these clubs; Amnesty, Youth & Government, and International club serve to make an impact upon the world outside of BHS' walls.

Written Impressions

A society is often remembered by its works of art. Literature and other forms of writing are a reflection of the society from which it emerges. In Berlin High's community the voices of students are heard through two publications, the student newspaper, the Berlin By-Line, and the "creative magazine," the Literary Magazine. The By-Line includes national and local news in addition to exclusive Berlin High reports. Students have the opportunity to express their opinions, both positive and negative, about occurrences in and out of school. For many, it's their first opportunity to gain experience in the world of journalism. The Literary Magazine includes poetry, stories, and artwork by students. Its works often explore the sublime, the philosophical, or the emotional. This is where students, after writing papers for school of a con-

crete nature, begin to explore the abstract. After reading both of these publications, the reader is left with impressions both about the thoughts and creativity of Berlin High students and about the issues and questions their works raise. The yearbook's annual publication serves as a permanent impression of our days at Berlin High. Under the advisorship of Mrs. O'Brien, the yearbook has won first place awards in the past two years. Contained in the yearbook are the people and events which have made our time at Berlin High School memorable. The old issues of each publication can be kept as frozen reflections of a society of which each member of the class of '95 was a part for four years. Our written voices have become lasting impressions.

National Honor Society

On February 3, 1995, students from both the Junior and Senior class were inducted into the National Honor Society. Members of the National Honor Society are inducted based on scholarship, character, service, and leadership. At the ceremony, upperclassmen as well as underclassmen were given awards for honor roll standing. Parents and teachers attended the ceremony. Mr. Theodore Rokicki was given an honor society pin to signify his honorary membership. This presentation signified Mr. Rokicki last year as Berlin's superintendent. Mr. Rokicki was also the main speaker at the ceremony. The program was led by Jason Lineen, the

president. He welcomed everyone to the ceremony and introduced the inductees. The other officers and present members helped with and observed the ceremony. Mr. Thomas Warburton III is the advisor who oversees the activities which go on throughout the year. After their induction, members are expected to maintain certain academic standards. Throughout the school year, members participate in tutoring. Honor Society members help their peers who need help in certain subjects. They spend time during Y period and their free period to tutor students in all subjects. This year the members helped at the nightly adult education classes as well.

Athletics

impressions

The BHS athletic program has always brought excitement and a strong sense of pride to the entire BHS community. During every season, one can find many different sports activities in progress every day.

On a crisp autumn afternoon, the BHS cross country runners can be seen as they run through Sage Park in a meet. Meanwhile, down on the field, the soccer teams work hard to defend the Berlin goal during soccer games. Members of the swim team dive into "enemy" waters and work tirelessly to improve their times for various events. Evening volleyball matches are attended by parents and students, who are eager to cheer the Redcoats on to victory. Weekend football games are an exciting part of the fall sports season that often ends a week of Redcoat athletic victories. The entire town of Berlin arrives at the games early, ready to support our team.

When the cold, winter months arrive, the BHS gyms are the centers of the athletic activity. The basketball teams can be overheard as they practice their shooting in the gym. The wrestling team sees many impressive victories, and BHS proudly hosts several meets throughout the season. With spring and summer approaching, the end of the school year is near, but BHS athletes still work to be the best. On a warm, sunny afternoon, the tennis teams perfect their backhands on the courts and golf team battles opponents on the course. The softball and baseball teams are playing at Sage Park and Percival Field, while the track teams are running, jumping, and throwing toward victory.

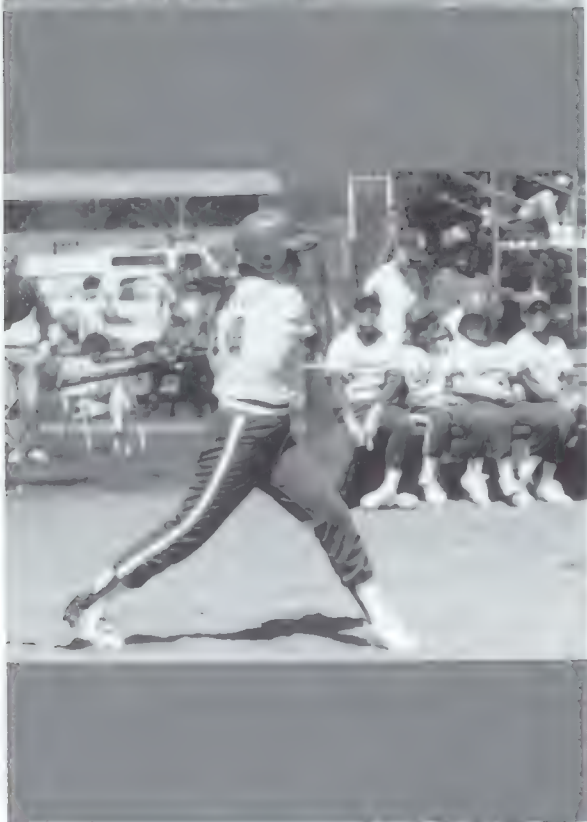

The BHS athletic program has played a key role in the lives of many people, and has left each one of us with special impressions.

“ The opportunity to participate in athletics at Berlin High School, has given me an excellent work ethic which I will be able to use to my advantage in the future. — Cory Carlson ”

” “ Playing sports at Berlin High School has been an awesome experience, and has helped me to stay in top physical shape. — Jason Maule ”

“ Being an athlete at Berlin High School has taught me what the true meaning of teamwork is, and has also given me the opportunity to play with many talented athletes. — Christa Veleas ”

” “ As an athlete at Berlin High School I've grown and learned a lot, I believe it was a large part of my high school years. — Abby Borkowski ”

A Record Breaking Season

1994 Football

The Redcoats finished with an outstanding record of 9 wins and 1 loss. The 'Coats were ranked tenth in the state and were the Nutmeg League champions. They beat Middletown for the first time since the seniors' freshman year to earn the honor of league champs. The Redcoats missed going to states by 70 points but still were felt to be at least the second best team in Class SS.

The 'Coats were led by the seniors who stepped it up a notch every game. This team was supposed to be in a rebuilding year, but Berlin does not rebuild; they just reload. The co-captains were the leaders on as well as off the field. Corey Cannon and Paul Coccomo deserved the title of captains because of the level they played at on the field. Paul led the team in tackles and in yards rushing. Corey was also a two way starter at tackle where he made his presence felt.

Many records were broken this

year that some thought would never be broken. Paul Coccomo broke the record for the most 2 point conversions with 12; Greg Karsky broke the record for touchdown receptions with 13 and tied the record for overall touchdowns with 22; and Scott Meyer broke the record for touchdown passes with 17. All three of these players received all-state honors. Berlin also had the most all-conference players in the league. It was a great year as the Berlin football tradition continues.

Together Women's Soccer 1994 NWC Champs

"The more you're together off the field, the more you're together on the field."

That is what the 1994 women's soccer team lived by. Getting a new head coach and losing many players to graduation left a few returning players concerned about the '94 season. However, with their optimism and hard work, the Lady Redcoats captured the Northwest Conference title, which had never been done before by any Berlin mens' or womens' soccer team. They also set a new school record of nine shutouts in one season.

Coach Bryan Plona took over the team this fall. He did a great job with the women. He worked them hard, but taught them what victory is. Coach set reachable goals for the team and the team improved, success became second nature.

Having lost nine seniors to 1994 graduation, Senior Captains Abby Borkowski and Kim Timbrell, with the help of Jr. Captains Jill Opulski and Meg Nardelli,

picked up the pieces and led the team. While it was often said and written that the 1994 Lady Redcoats would show a lack of experience due to their young squad, this was proven incorrect. The two seniors, six juniors, seven sophomores, and eighth freshmen rose to the occasion. With Borkowski up front controlling the offense, and Timbrell in goal, holding the defense together, the Lady Redcoats put together a successful season.

The team loses only all-state, all-conference Senior Captain Abby Borkowski and Senior Captain Kim Timbrell to graduation in 1995. Still remaining are very skilled players and four of five all-conference players, Jill Opulski, Meg Pagella, Kelly Heslin, and Athina Panagopoulos. If the ladies stay together as they did in 1994, then the fall of 1995 will bring a repeat of the successful 1994 season.

Surpassing Expectations

1994 Berlin High School Men's Soccer

The Berlin High School Men's Soccer team came into the 1994 season not knowing what to think. Under the leadership of second year coach, Brian Douglas, the team felt they could open the eyes of soccer fans across the state. The team didn't waste any time by jumping out to an early record of 2-1. From this point on the season went up and down and the team found themselves 7-8 heading into their final game against Johnathan Law (13-0-2). The Coats could only use a victory because one win would place them into the state tournament for the first time in five years. Berlin shocked the undefeated Law by beating them 5-0. Once entering the tournament the Redcoats defeated O'Brien Tech and Brookfield, making their way to the State quarterfinals, the furthest Berlin High has even advanced in tournament play. Berlin then was defeated by Rocky Hill, the eventual Class M state champions. This team also composed several other records during the season, such as most goals in a single half of a game, most goals in a single game, and, finally, most goals

scored in a season and by a single player. Jason Maule led the team in goals with 23, a new school record. Maule went on to be selected All Conference and also first team All-State. Jason also was selected to participate in the Senior Bowl.

Senior Tri Captains Mike Gionfriddo, Ralf Barczak, and Jorge Munoz led the Berlin mid field throughout the year. Barczak, a four year varsity starter, played solid soccer all year and Gionfriddo was selected to the All Conference Team. The defense was led by senior starters Cory Carlson, Ed Gaffney, and Rich Krajewski. Cory Carlson was selected to the All Conference Team for his solid defensive play. Krajewski and Gaffney played hard all year and kept the Redcoats in every game. Another bright spot for the Coats was was junior forward David Francalangia, who scored 17 goals and also made the All Conference squad. The Redcoats will lose seven senior starters and hope to qualify for the state tournament, but it will be very difficult to repeat this record breaking season.

A Building Season Men's and Women's Cross Country

Once again, the 1994 Men's and Women's Cross-Country teams were united under head coach David Scannell. This year's team could be described by one word, young. The team only returned four seniors; Steven Pagella, Kevin Degutis, Rich Zanetti, and Noel Dorsey. Despite the fact, both teams worked hard and improved immensely, finishing with records of 4 and 7 for the men and 7 and 4 for the women.

On the men's side, the team was led by three year captain and four year Coaches' award winner Steven Pagella, as well as, Kevin Degutis, Mike Wrobel, and the 1994 Redcoat award winner Bo Rosso. The women were led by

captain Noell Dorsey, 1994 Coaches' award winner Debbie Harris, and 1994 Redcoat award winner Melissa Vassil. In addition, Melissa Vassil was the only Redcoat All-Conference selection; finishing 6th in the Conference Championship.

In post-season competition, the men ran to a 5th place finish in the Northwest Conference and a 10th place finish in the Class M state meet. The women finished 3rd in the Northwest Conference and 17th in the Class M state meet. With the returning bevy of talent, nothing but good things are expected of the Cross-Country team in the future.

Setting Up a Winning Season

1994 Women's Volleyball Team

The 1994 Women's Volleyball Team surprised all by becoming Co-Champs, with Middletown, of the Northwest Conference. The team finished with an overall record of 14-5 and a 8-2 record in the NWC. They were led by co-captains Tracy Contino and Christa Veleas. To the delight of coach Bob Tarigo, the team was able to come together and find themselves at the top of the Northwest Conference. Berlin was a game behind going into their big game with Plainville, the winner sharing first place with Middletown and the loser getting second place. When Plainville came into Berlin, the Lady Redcoats manhandled the Lady Blue Devils, beating them in the first of three games. The team went on to win the Conference title and with a 14-5 record, advanced into the State tournament.

The 1994 volleyball team had three players selected to the All Conference team. Senior co-captains Christa Veleas and Tra-

cy Contino were selected because of their skill, team leadership, and desire to win. Veleas played solidly all year, and Contino led the team in aces. Junior Angela Murhead was also selected to the All Conference team. Murhead dominated at the net all year and led the team in kills. Juniors Andrea Baretta, Edesa Yousefzadeh, Janis Ruscio, and Tricia Zenobi all saw a great deal of playing time and helped the Redcoats gain their conference title. With the loss of only the two senior co-captains, the team returns with four starters and hopes to again be named the Northwest Conference Champions.

Our First Winning Season 1994 Swim Team

The three year old Berlin High School Swim Team made tremendous improvements this year. The team was led by two seniors and also had junior, sophomore, and freshman swimmers along with a group of first year swimmers. This was the first year that BHS swim team had divers, and they too had a great season. The team, led by captains Brenna Nelson, Christina Daniele, and Elsa Frink worked hard to improve themselves the entire season, and the results were

outstanding. After some initial losses, the team went on a winning streak to end the season with a record of 8-6.

Eight of the team members made State. They were: Brenna Nelson, Elsa Frink, Amy Funk, Kristine Zaccardo, Tara Gentile, Jessica Meyer, Kristen Lowchy, and Janelle Colburn. The team will lose Brenna Nelson and Christina Daniele to graduation. The 1994 season was one of hard work, much laughter, and great success.

Coats slay Dragons for Nutmeg Title

In what was labeled to be the game of the year, there were no disappointments. Berlin's dramatic goalline stand, which kept the Middletown Dragons out of the endzone for four consecutive times, with the final hit applied by senior co-captain Paul Coccomo.

The Redcoat Mens Soccer Team Qualified for the State Quarterfinals; First time in schools history

Under the leadership of second year coach Brian Douglas, the team was able to pull together and come through at tournament time. The senior leadership showed by Mike Gionfriddo, Ralf Barczek, Jorge Munoz, Cory Carlson, Jason Maule, Eddie Gaffney, and Rick Grajewski were able to surprise many by their excellent effort in tournament play.

Womens Soccer Team Captures NWC Title

First year Coach Brian Plona was able to lead his young team to the Redcoats first ever conference title. Senior co-captains Abby Borkowski and Kim Timbrell contributed greatly to the team. This team also posted the best team record of 12 - 3 - 1. Only two seniors graduate so this young powerhouse of the future can possibly add many more conference titles to go along with their first.

HIGHLIGHTS '94-'95

Three Berlin Standout Football Players Achieve All-State Honors

Senior linebacker Paul Coccomo led the team in tackles and played fierce defense throughout the season. Senior quarterback Scott Meyer was at the helm all year, constantly proving he had what it took to lead the Redcoats to another winning season. Senior flanker and halfback Gregg Karsky single handedly destroyed opposing defenses by catching passes, receiving handoffs and returning punts and kickoffs.

Lady Redcoats Spikers Recaptures NWC Title

In a complete turnaround from the previous season, the Lady Redcoat Volleyball Team opened the eyes of all, by regaining the conference championship title. Led by senior co-captains and NWC selections Christa Ueleas and Tracy Contino made winning look easy.

Maule and Borkowski Receive All-State Honors and Bids to the Senior Bowl

Senior Jason Maule scored a team leading, and school record 23 goals. Maule was the only boy in school history to be named All-State in soccer. Senior co-captain Abby Borkowski was also selected to All-State because of her team leading 13 goals and 5 assists. Borkowski was also selected to the Senior Bowl because of the leadership skills which she displayed throughout the record breaking season.

Another Northwest Conference Title

This young and extremely determined Wrestling team was underrated by everyone except for themselves. Led by senior co-captains Krys Aurigemma and Scott Sudol, the wrestling team was able to capture yet another conference title. Aurigemma, already a state champion, is looking to move up into sixth place on the all time win list at Berlin High. Seniors Mark Alkas and Bob Dirga have both overcome injuries and are now back and helped to contribute to yet another winning season. This team

was young and inexperienced, but some of the younger wrestlers such as Jim Rackliffe and Shawn Reynolds have stepped up to help the team. Berlin was able to win the conference with a victory over rival Middletown with a 29-28 victory. Thanks to the strategic moves of coach Jim Day and outstanding wrestling by the team. Also, Berlin standouts of the past, Peter Veleas and Ken Pera, are now assisting Day and helping to keep the Berlin High wrestling program on top where they belong.

Change of Pace

The '94-'95 Womens' Basketball team has experienced many changes. The first major change was the coach, Matt Dunkan, replacing longtime coach George Hall. The second change was the arrival of the new warm-ups; the polyester was finally done away with! Some things stayed the same, however, like the pre-game tradition in room 376 and the jazz band music at game time. Some traditions just can't change.

The season as a whole, was very positive and the overall record improved from the previous season's 12-9 record. The team was led by senior captains Mary Regina Borkowski and Sarah Gavitt. The young team which included strong freshman and sophomore members worked hard to form a cohesive unit. Despite injuries, junior Angela Muirhead maintained a strong presence on the team.

With an 11 and 6 record as of February 15, 1995, a winning 1995 season is assured. Since 4 of the 5 starters are returning next year, the team will be a powerful force in the 1996 season.

A Team Effort

This years Basketball team was led by senior co-captains Jason Maule and Brian Amenta. Maule, the quick point guard, led the team in assists again this season, and Amenta was the top scorer and also three point leader. Jason Berger also contributed to the line up, leading the team in rebounds for the second straight season. Some younger players have also helped out the Redcoats such as junior forward Steve Bennett, and sophomore guard Drew Carlson. Seniors Mark McKinniss and Paul Andreotta came off the bench to provide a spark to the offense, as well as defense. Led by the new coaching staff, Bob Muyer, Ken Krout, Steve Vinarski, and head coach Ken Parciak, the team had high expectations at the beginning of the season, but unfortunately for the players and coaches, they came up a little bit short.

A Long Time in Coming The Vincent Biscoglio Track

Parking lot practices shall be a memory along with an all-away meet schedule. The Class of 1995 will be the first to compete on the Vincent Biscoglio Track. The Town of Berlin finally allocated the money to build a track and field facility in back of Berlin High. The town and students have been waiting for over twenty years for a track.

The new eight lane track is 400 meters around. It is complete with a high jump, long and triple jump, and pole vault pits. Aside from the track itself there are areas for shotput, discus, and javelin. According to most, it will be one of the finest facilities in the state.

The track is named after Vincent Biscoglio, otherwise known as "Big Vin." Mr. Biscoglio played a huge role in the Upbeat program and dedicated much of his time to the student body at Berlin High. As president of the Berlin Boosters and as a Little League coach, he was a key member of the Berlin sports family.

After two years of construction by many different companies, the Berlin High Track and Field team will have a home. The team will no longer have to practice in the parking lot and hurdle on pavement. From now on they won't only be a visitor, they will be a host.

"The athletes deserve a first rate facility, and that's the best track in Connecticut. Our record books shall be rewritten."

— Coach Scannell

"Something that the teams at Berlin High School will benefit from a great deal. Also something that many people around the community can benefit from, a first class facility."

— Coach Pelligrenelli

"The track is a really positive thing for the school. It will give boys' and girls' teams a chance to practice and develop their skills better than they've been able to do in the past."

— Coach Burns

"Wow, it's going to be great! We can't wait to get out there. It will be a tremendous addition for all the people in our community."

— George Hall, Athletic Director

"It will be really exciting to finally get to run on a track. It will enhance the image of track-n-field in Berlin."

— Coach Hanbury

VARSITY FOOTBALL FIELD • SEE DETAIL 3/L-2

"I am as pleased for our students of now and its future who will have the benefits of our outstanding new track and field facility as I am sorry for those in the last twenty plus years who missed out on it. But the past is done; enjoy it now."

— Mr. Galvin, Principal

"Tremendous improvement certainly brings us up to par with all the other schools. It's a great improvement over the open field that we used to have to race across, which is now the student parking lot. Awful long time in coming. We've been asking for thirty years! Glad to see it finally happened."

A Learning Experience

1994 Women's Golf

Berlin High Athletics added a new team during the spring of 1994. For the first time in the history of BHS there was a girl's golf team. Ten girls were on the team which ended their first season with a 7-14 record. Considering that none of the girls had ever played before. It was a positive learning experience. Golf vocabulary was learned quickly since the first time on the course the girls quickly figured out what "Fore" meant. Other than that, the season was quite successful with seven wins in the second half of the season. The players as a whole improved noticeably from the first time they held a club in March to the time they ended the season in June. In the spring of 1995 seniors Abby Borkowski, Lindsay Rosso, and Natalie Melnyk will return to lead the team. A bright future is in the offing for the 1995 Women's golf team.

Abby Borkowski finishes her swing.

Rebounding to Success

1994 Men's Golf

Despite the loss of an integral member of the 1993 team, the 1994 golf team rebounded with a successful season. Three time All-State selection Kyle Gallo graduated in tremendous fashion by leading the 1993 golf team to the Division II State Championship. However, head coach Jim Bryers guided his young team and developed a competitive, solid unit.

The 1994 team amassed an overall record of 23-7-1, finishing second in the Northwest Conference with 12 wins and 2 losses. The Redcoats also took fifth place in the Division II State Tournament, as Jim Bryers ended his second year as head coach with his second consecutive 20+ wins season. Two juniors, co-captain Ryan Szczepanik and Michael Peterson, were All-Conference players, Szczepanik was also named All-State. He received the Coach's Award, while Peterson received the Redcoat Award.

The future looks extremely bright for the Berlin High golf team. The 1995 team will try to regain the State Championship they once held despite the loss of 1994 senior co-captain Chris Wicke. The team looks strong with a large senior crew of returning Steven Motyka, Ryan Szczepanik, Michael Peterson, Jeremy Dalidowitz, Jason Lineen, and Jeff Hetrick.

Ryan Szczepanik focuses with perfection.

Changing the Pace

1994 Women's Track and Field

The 1994 Track season was unfortunately not very successful for the Berlin girls. Out of thirteen meets Berlin won four. We beat Aquinas, St. Paul, East Catholic and Prince Tech. Three records were set, Alison Forsyth, a 1994 graduate, ran the 3200m in 12:27. Two freshmen set records also. Mandy Rival jumped 4 ft. 10 inches for the high jump and Kelly Heslin ran the 3200m in 13:34. The team placed third in the Northwest Conference Meet. This upcoming season the seniors leading the team will be Jaime Rosso, Noell Dorsey, and Laura Bugay. Hopefully we will do better in the 1995 season with the new track. Finally we will no longer practice in the parking lots.

Teamwork

1994 Men's Track

The Berlin High School Track Team experienced a rebuilding season in 1994. Following the loss of Adam Salina, Mike Zigmont, and Jason Cristian to graduation, the team's leadership was handed down to a small nucleus of seniors. Although the team results were disappointing (4-5 overall, 3-3 conference), the season was highlighted by many outstanding individual performances. Co-captains Scott Symonaitis and Steve Cabelus excelled in the pole vault and hurdles, respectively, and represented the team at both the Conference and Class M meets. Impressive performances were also put in by juniors Ralf Barczak, Mike Ziegenhagen, Dan Osborne, Ian Race, and Rick Krajewski. Barczak and Ziegenhagen qualified for the Class M meet, and Ziegenhagen placed in the high jump.

A strong core of juniors is returning for the 1995 season. Seniors Shawn Watrous, Marc Scalia, Rob Buczek, Pete Krawciw, Jason Carifa, Mark Gajewski and David Leng are all ready to step up to lead Berlin to its first Conference Championship in its history. With the addition of the new track, 1995 appears to be the year for Redcoat Track and Field.

Batting Up a Rebuilding Season

1994 Softball

The 1994 Berlin High School women's softball team was comprised of younger girls working on rebuilding. Returning seniors Coralee Ciarcia, Christa Veleas, and Cathy Lechowicz hope to lead the Lady Redcoats to a successful 1995 season. Others returning are Marcie Squires, Tenille Kendall, Meg Nardelli, Andrea Baretta, Jessica Biganatti, and Rachel Sayko. With the guidance of our new coach Debra Larson, who was once a standout athlete at BHS, we hope to restore the winning tradition that once was at Berlin High School.

Even though the Lady Redcoats had a difficult time, many positives came out of the season. Deb Larson in her first season of coaching, was learning to adjust with the new players and hopes that they can also become contenders next year. With returning pitcher Christa Veleas and the entire infield behind her, the Redcoat softball team members know that if they work together they can regain the winning tradition. The 'Coats did end the season on a high note by beating the Lady Saints 8-2 and hope to carry this winning attitude into the 1995 season.

An All Star Season

1994 Baseball

The 1994 Berlin High School baseball team surprised all by achieving a 15-6 overall record. The Redcoats consisted of a group of young ballplayers whose only task was to return again to the state tournament. Six junior starters Cory Carlson, Mark Alkas, Gregg Karsky, Jason Maule, Paul Coccomo, and Scott Meyer were up to the challenge of carrying out yet another successful baseball season. For the '94 season, four players Cory Carlson, Jason Maule, Mark Alkas, and senior captain Mike Coccomo were selected for the NWC All-Stars.

Mark Alkas, who led the team in batting average of .486, as well as RBI's also boosted the Redcoats play at first base. Cory Carlson pitched his way to an 8-1 record with an ERA of 1.33. Jason Maule, who played solidly at shortstop all year, also hit over .400

and stole 30 bases. Finally Mike Coccomo, the emotional leader of the team, played solidly in the outfield and also provided power at the plate. Many outstanding players were overshadowed by the players mentioned above. Junior Paul Coccomo, who tied for the team lead in RBI's, also hit over .400 for the season. Finally, junior Scott Meyer played solid defense at third throughout the year.

The heartbreaking end of the '94 season was a loss to New London 3-2. New London eventually went on to win the Class M State Championship. The returning group of ball players hope to return the Redcoats into the State Championship game in the '95 season and also to another NWC title. With the talent that they have returning this dream is soon to become a reality.

People

impressions

Life in Berlin High is determined by the variety of people who compose our community. Freshmen, sophomores, juniors, and seniors all make their impression upon Berlin High. All individuals have something to offer; whether they express their viewpoints through the By-Line or compete with the Math Team. Sports teams are cooperative groups of athletic students from all grades. The Literary Magazine contains poetry, stories, and drawings which express the ideas from any students who submit their work.

Although students compose a large part of the Berlin High community, without the dedication of the faculty, BHS would not be the vital community that it is. Teachers volunteer their time to be club advisors and chaperones. Although the students have a great deal of responsibility in clubs, there would be no clubs without the talented and involved staff. The concern that the faculty has for the students shows in their involvement both in the classroom and in extracurricular activities.

The diversity of the student body with the support of the faculty makes Berlin High more than a high school. The people of Berlin High are scholars, journalists, musicians, writers, actors, athletes, teachers, artists, and a little bit of each.

“ Everything about high school is different than anything anyone could expect. I guess all you gotta do is hang on.

Stepping Up Class of 1996

We have almost come to the end of our Junior year and as we look at all our years so far in high school it seems like we have been walking up a staircase. Each year we reach a little higher, the more steps we pass. As we move upwards towards the top, each step makes a lasting impression in our minds and hearts forever.

The first step on the staircase was entering our freshman year. Our first impression of the new atmosphere was how big the school seemed to be and how big the upperclassmen seemed to be, too, especially the seniors. We had been told tales of how they did not like freshmen and would shove us in lockers and knock the books out of our hands. But we came to realize that these stories were not true; the seniors were not out to get us. When the year was finally over, and we had reached a quarter of the way up the staircase, the impression instilled in us was that no matter what new challenges are put in front of us we could just step right in and keep proceeding.

In our sophomore year we continued on from a quarter of the way to half way up. We had become familiar with the few different steps we had passed on our way. We were not really

noticed at this point on the staircase; we still had many more steps to overcome and were not on the top half, so we were basically forgotten about. Our impression of this year was that if you are or not new and different, or at the top half, you really do not get the attention you deserve. But we did not let that stop us; we continued on, and showed what we could do and eventually got noticed.

Now, being juniors, ascending from the halfway point to three quarters of the way up, we have experienced the majority of the staircase and we are beginning to realize how close to the top we are getting. The teachers talk of the hallway we will reach in a little over a year and the many different doors it will open to us. Therefore, we are now trying to make as many memories and lasting impressions in our hearts as we can while we still have time.

Many people have passed by us on our staircase, but we now pick up new ones as we go along, including teachers, friends, and acquaintances. Some will continue on down the hallway with us; others will enter different doors, but in one way or another, they have all left lasting impressions on us.

Class of 1997 — *Changed Impressions*

As Sophomores our Impressions of BHS have changed slightly since freshman year. No longer does Berlin High seem so confusing or large. Many of us now know the school like the back of our hand.

Senior year does not seem as far off to us now. We have matured. We no longer worry about what other classes think of us. We are now worried about our impression on Berlin High. Many Sophomores want

to make these years in the High School memorable since our time here is so short.

Classes at BHS are like waves on the sand. With each new wave there is a new impression, each person leaving his/her own impression. However unlike the impressions of waves on the sand, we

are determined to make a lasting impression on Berlin High School.

Our class officers: President Daniel Stowell, Vice President Dorothy Puzio, Treasurer Amy McLaughlin, and Secretary Tara Gentile

Unique Impressions Class of 1998

As the Class of '98 walked through the open doors of Berlin High School, we were not quite sure what to make of it. We were faced with many impressions from the upperclassmen and we had to decide for ourselves what Berlin High School would mean to us.

The seniors have certainly left their impressions on us. They have guided us through our toughest year of high school while helping us learn more about ourselves. They are a class with many great leaders. The other classes also helped ease the transition into the high school by supporting us in

everything we tried.

We have also left our freshman impression on the school, breaking away from the typical freshman stereotypes. While we may be the youngest, we are an important part of this year's history. Our hope is that we have left our graduating senior class with a positive impression of the class of '98.

As we move on to our sophomore year there will never be another freshman class like ours in the halls of Berlin High School. As the seniors move on to their next stage we say good-bye, and we will remember their impression on our class.

Class officers, Treasurer: Erich Bennar, Secretary: Kelly Schaller, Vice President: Kelly Mason, President Eric Murphy.

A Lasting Key Berlin Admin

Mr. Theodore Rokicki

Since students seldom have contact with the administration of our school system, many chorus members first heard about the background of our superintendent at the 1994 Teachers In Service Day in August. Mr. Recor stood up and began a lengthy introduction of the key note speaker. He was introducing an amazing person who was a Big 10 football, basketball, and baseball player at the University of Michigan. Not only was the man a successful athlete, he was a pilot in the U.S. Air Force. Everyone awaited the entrance of some renowned speaker. Needless to say, it was a shock to see our own superintendent stand up after such an introduction.

Mr. Rokicki was an undergraduate at Purdue University and a graduate student at the University of Michigan. He majored in American studies and soon went on to being a teacher, guidance counselor, and junior high principal in Ann Arbor, Michigan. Moving east, he became a principal and associate superintendent in the Wellesley, Massachusetts public school system. Before becoming our superintendent, he was the superintendent of the Litchfield public schools. Besides his many roles in education, he enjoys a good golf match and is a fixed wing pilot. He enjoys racquetball and is an avid reader.

Theodore Rokicki has been a strong advocate of quality and diversity in education. He is known as "The Innovator," as he has allowed the faculty to try new courses and programs. He has also supported the funding for such new programs. It has been said that he has been the person in charge who has led Berlin through a critical time of growth. This growth includes the additions he has overseen at the elementary schools and the proposed additions to McGee. He has provided steady leadership during difficult economic times, making sure not to sacrifice the quality of education.

"Mr. Rokicki has truly led the school system with a very human hand. My most memorable quote of his is 'let us all laugh together.'" — S. Brittingham

"Sending birthday cards to all faculty members is what I'll remember about Mr. Rokicki." — A. Walbert

"A professional leader, whose door was always open. 'A breath of fresh air' that this school system desperately needed." — P. Karam

"(He) Brought both vision and compassion to the leadership of the Berlin schools." — J. O'Connell

"Ted has brought a steadying hand, grace under pressure, and a sense of pride to the teachers and to the Town of Berlin." — B. Trider

"Mr. Rokicki has been a great friend and a big reason why the Upbeat program has been so successful. He has always been there to help and to support the Upbeat activities." — A. Mitchell

"Mr. Rokicki's personal birthday greetings are symptomatic of the concern he has developed for his staff. He has always been most helpful to me, for example, when I have needed to recruit him as an 'emergency' speaker at the Honor Society Induction." — T. Warburton

"Truly a professional. You get the feeling that you're worthwhile and your ideas are important. He is very encouraging and wants you to be all that you can be. He is honest and sincere and shares personal experiences. A real gentleman." — D. Liljestrand

"Warmth, progressive ideas, humanity." — M. Marcus

"(He) Provided a steady, firm, reliable structure for us all to be able to work and grow in, not to mention the improved physical structures K-8 for our students to work and grow in!" — T. Galvin

"I think he is a man of vision and compassion. He seems to take a personal interest in his staff and this has promoted a positive relationship between the superintendent and the district educators. Often it is the little acts of thoughtfulness (like birthday cards, flowers with tenure) that create the good will that sustains us through times of adversity. Mr. Rokicki is a remarkable man, a fine educator, and the district has been most fortunate to have enjoyed his service." — L. Elliott

"Mr. Rokicki, as superintendent, has listened to his teachers and considered their visions and ideas about bettering education in our schools. As a strong leader he has made faculty members feel that their opinions count. It has been a fulfilling and most satisfactory professional relationship." — D. Wolf

"Mr. Rokicki has always been there for his teachers and students. I will remember his kind words of encouragement, his support on important issues, and his great enthusiasm in his quest to make Berlin the best place for students and teachers." — J. O'Brien

"Both administrators are very humane, compassionate leaders. This is sure; they have touched our hearts with their sincere efforts, concern for our personal well being, and with their great humor. They will be missed by everyone." — C. Colaiacovo

Impression istrators Retire

Dr. Henry Traverso

Dr. Henry Traverso has been an advocate of many changes in the Berlin curriculum. He was a math major at the College of Holy Cross and he received his doctorate in curriculum from the University of Connecticut. He was the first assistant superintendent for curriculum that the Berlin school system has had for many years. Through the staff, community, and curriculum committees, he has developed and articulated a curriculum which connects kindergarten to the classes that follow it up through the twelfth grade. Before him, no one had developed that type of curriculum which brought people together.

Before his time as the assistant superintendent of our school system, he was a principal in Windsor Locks and an assistant superintendent of the Burlington/Harwington district. He began his career in Berlin in the summer of 1988. In 1990 he won the ASCD educator of the year award. Needless to say, Dr. Henry Traverso has been an influential leader who has implemented successful changes in our school system.

"Dr. Traverso is one of the finest and most caring individuals I have known. He always has a smile or a kind word for everyone." — A. Mitchell

"A Renaissance man whose kindness and humanity touched all in the school community." — J. O'Connell

"A witty, conscientious educator who made a positive impact on the district. He helped us all to refocus and direct ourselves to improving our school system." — P. Karam

"The most endearing quality that always comes to mind when I think of Dr. Traverso is his wonderful knack to remember who I am as a person and not as an employee of the Berlin Board of Education. His witty remarks and genuine interest in me will always stay with me!" — S. Grady

"Understanding, always smiling, and willing to help." — A. Walbert

"A class act, a real gentleman. You can sense his love of education, he's very encouraging and allows you to implement new ideas. He is the wind beneath your wings." — D. Liljestrand

"Dr. Traverso's stamp in Berlin has to be his tireless effort to improve the curriculum in Berlin schools and his genuine caring for the staff and students of Berlin High School." — J. O'Brien

"'Curriculum revisions' and 'Dr. Traverso' are interchangeable terms in our school district. We have seen major strides in achieving a logical, consistent progression of teaching in separate subject areas. Dr. Traverso has worked closely with staff members, in

committee, and individually. He has achieved state recognition for his accomplishments; his staff members also appreciate his leadership." — D. Wolf

"Dr. Traverso has given the school system true instructional direction through his hard work and vision. He both carried and led us to where we are today." — S. Brittingham

"He is an intelligent, able educator, open to many new ideas, and very supportive of the district staff. The personal qualities I shall miss the most are his warmth and kindness. It is a distinct pleasure to work with such a gentleman. His vision for school libraries is special and he has been unstinting in his support of our professional development. He has promoted school libraries through funding and curriculum development. Dr. Traverso and his contributions will be sorely missed in the district." — L. Elliott

"Henry has contributed greatly in the area of curriculum development. Thanks to him, our K-12 programs are well launched." — B. Trider

"The ability to find consensus in a mixed group has enabled the public and faculty to engage in curriculum development which actually happened. He neither allowed discussion to go nowhere nor abused administrative position." — T. Galvin

"I was very impressed when Dr. Traverso found the time in his demanding schedule to visit my classroom (and every teacher's classroom I believe) during his first year in Berlin. He has continued to maintain his high profile in the Berlin Public Schools." — T. Warburton

impressions

of

'95

As co-advisor to the Class of '95, I have had the opportunity to observe the members of the Class very closely. Perhaps the term 'unique' most aptly describes the Class of '95; the class contains many unique individuals who treasure their independence and shun any association with traditional cliques. In spite of the uniqueness of the class, members of the class have shown great cohesion when it was needed. Specific memories: the ill-fated Berlin Fair Booth . . . subtitled 'Power Failure and a Dirty Grill' and boxer shorts in the Cafeteria. — Mr. Warburton

The class of 1995 has a terrific core of hard working people. I've been co-advisor of the class and my most vivid memory is that the time has gone so quickly. I attribute the quickly passing time to how well the student leaders have worked with Mr. Warburton and me. — Mr. Brittingham

My most vivid impressions of the Class of '95 involve the American Studies class and their work on our various projects. It's hard to forget Cory Carlson and company performing in the *Scarlet Letter* skit, Jen Bronkie playing the Statue of Liberty in the immigration project, and the heartfelt report of so many in the class who were influenced by their Vietnam vets. Finally, the excellent work of so many on the culminating project, exemplified by Sandy Costa's compelling report on her family history, shows the depth of the Class of 95.

— Mrs. O'Brien

"Homogeneous" is the word that comes to my mind — it is a class that does not divide itself into groups or camps!

— Mrs. Trider

A class that exhibited both a seriousness of purpose and a love of life in their many successful ventures.

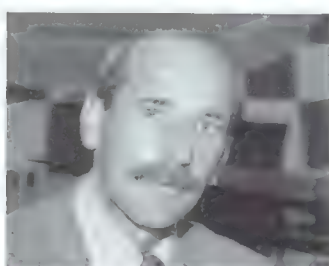

— Mr. O'Connell

Entertaining, humorous, and overall a great bunch of kids.

— Dr. Silva

"Individuality" is a term that describes many of the class members. These students appear to be focused and ready to pursue specific goals. I expect they will show self-confidence as they move into the next state of their lives and will avoid being followers

They've been called competitive and talented. I see them as very collegial and good at communicating! Of course, they've always enjoyed talking about a good controversy.

— Mr. Galvin

I have been especially gratified with the achievements of members of the Class of 1995 in 'Youth and Government.'

— Dr. Marcus

It is only November, but I already know that this is a very special class. I find many intellectual and enthusiastic students with a genuine love for learning. I wish them great success.

— Mrs. Colaiacovo

I will always remember this class as being very school oriented. They have had tremendous involvement in co-curricular activities and community programs. My fondest memory will be of this hard work and dedication in raising money for the D'Angona Fund Drive.

— Ms. Mitchell

impressions

Many businesses throughout the town of Berlin, and in surrounding towns, play a key role in BHS activities. Without the generous support of these businesses, many BHS activities would not be as successful as they are. The annual drama production, the senior class play, the BHS yearbook, and sports teams are a few of those activities. Many students do not realize the importance of the support from the local businesses to BHS student life. Berlin is a small town, and the opportunities that the local merchants provide are not found in larger towns and cities. BHS students are fortunate to have these businesses to support their endeavors.

Local business is not the only source of support that is available to BHS students; friends and family also help with school events throughout the entire year. Their support is visible at all athletic events and musical productions.

BHS students have greatly benefited from the support of the entire Berlin Community, which has left impressions upon each one of our lives.

We watched you sleep
then —
And we watched you now.
With a blessed feeling
only a parent knows.
We thank God for the
gentleness you share with us,
... the limitless happiness
you bring our family,
... and the pride we feel
with you as our daughter.
Stay the Lady you are
sweetheart — and
always remember —

Mom, Dad, and Heather
Love you very much and we'll always be here
for you!

(also, Tyler, Buster, and Buffy too!)

Congratulations
Jaime

May your life be filled with health,
happiness, and Love.

Love,
Mom, Dad, and Bo

Cory,

You stepped up to the plate on October 7, 1976 and during the past eighteen years you've followed the ground rules very well. Love for yourself and our family, hard work and self discipline have been the score card that's kept you out of foul territory. You're 3 innings into the game Cory, and now you'll have to take the ball and pitch your heart out! Let your respect for life shine through in everything you do. There will be some curve balls along your way, but remember wherever life leads you, as you round for the plate, you can always count on being safe at home!

Love you,
Mom, Dad, Drew, & Jesse

CONGRATULATIONS, ERN

95, 103, 112, & 130 are numbers which will
be a special part of your life, just as special
as you are to us.

May the best of life be yours

Love you,
Mom, Dad,
Sheba, & Mickai

To Catherine —

Our very special daughter and granddaughter,
We wish you happiness, success, and good
health.

May life bring the best to you and may
your dreams always come true.

Always remember how special
you are to our family.

Our love always,
Mom, Dad, Grandma, and Grandpa Marut

Jeff,

CONGRATULATIONS
Continue the journey and
"Boldly go where no man has
gone before."

Love,
Dad and Nette

Jeff

I am with you in spirit.

Mom

Matt, you've always listened to the beat of a "different drummer,"
and done it your way. Congratulations, we're proud of you!

Love,
Mom, Dad, and Lara

Congratulations Christina,

You have been the sunshine of our lives filling it with pride and joy. Always remember how special you are and how much happiness you have brought us. We are so proud of you and all you have become. May all your hopes and dreams come true. Remember, we will always be here to love and support you in all you do. Wishing you a lifetime of good health and happiness.

Love,
Mom & Dad

Congratulations Gregg,

We know you will do well in life! We are proud of you today and always.

Love, Mom, Dad, Alicia, Rick, and Marna

Natalie,

Although the journey ahead may be rough and full of challenges, we know you've got the "drive" to be a success!

Love, Congratulations, and Good Luck!
Mom, Dad, Peter, Tarra, & "Alana"

Congratulations Mark and to the Class of 1995. We're very proud of you. Follow your dreams. Good Luck.

Love,

Dad ('67), Mom ('70), and Gary ('92)

Well I'm leaving my family,
I'm leaving my friends.
My body's at home,
but my heart's in the wind.
And the clouds are like headlines,
upon a new front page sky.
My tears are salt water,
the moon's full and high.

To Kris-Ann and her friends in the Class of 1995,
Your future is ahead of you, go for it all.

Love, Mom, Dad, & Erin

Congratulations,
Auntie Steph —

Love,
Chris, Alicia, Beckey, Kyle,
Cassie, and Ian.

To AJ & Jen,

That was then; This is now;
Imagine
What tomorrow will bring!

Love,
The Mamas and the Papas
"1977"

Ian,

May you achieve all your goals, remain healthy and happy and strive to be the best person possible. We are very proud of you and love you very much.

Dad, Mom & Jeremy

P.S. Hard work and determination do payoff!! Congratulations on all you've accomplished.

Tim, you are a gift to our lives. May the best of life be yours.

Our love always,
Mom, Dad, Aly, and Sarah

Cannonball,

From the 1st day of kindergarten we knew there would be two special Cory's in our life. It's been our pleasure to ride along on that Cannonball Express! We're proud of our fourth son!

Love,
The Carlson's

Christa,

You've come a long way! Best of luck in everything you do.

Love,
Mom & Dad

Congratulations
Emily!

Always remember . . . "Everything happens for a reason, everything works out for the best!" We love you very much and are so proud of you!

Love,
Mom, Dad, and Paul

Congratulations Trishy,

Wishing you the best in all your goals you set! Thanks for always being my best friend, my daughter, your brothers, sister, and the love of our lives. We'll always be here for you.

Best of luck, love ya,

Our Roots Grow Deep.

They extend back through the decades to 1873...through the wars and peace... through every type of economic and national condition. And these roots are strong. Founded in 1873, Berlin Savings Bank has grown to become MidConn Bank today, offering expanded services and financial products to meet the needs of the individuals and businesses in the central Connecticut area.

Now, as then, we continue the tradition of providing the same expertise, the same individualized service and the same personal attention to our customers... MidConn Bank stands tall when stability, strength and security are put to measure.

Impressions

When we entered the yearbook room for the first time in September, we anticipated the great deal of work that awaited us. The thought of creating this yearbook from blank "quad packs" and pictures was a bit overwhelming to all of us. Perhaps our most difficult task was the sorting of hundreds of ideas of the editors. In the past six months, we have worked endless hours in order to complete the 1995 Lamp. We are very proud of our accomplishments, and hope that the yearbook will not only be a part of Berlin High's history, but also a compilation of our high school impressions. This yearbook consists of 200 pages and is the 60th volume of the Berlin High School Lamp. Titled "Impressions," the 1995 Lamp includes 12.5 signatures, two of which are in color. It is produced with Geneva type face and is published by the Taylor Publishing Company of Dallas, Texas. The company's representative in this area is Mr. Denny Galvin. There was a press run of about 300 copies and the cost of the book was \$35.

The 1995 Yearbook Staff includes:

Emily Berger	Editor-in-Chief
Katie Turgeon	Layout Editor
Jennifer Cayer	Literary Editor
Cory Carlson	Boys' Sports Editor
Christa Veleas	Girls' Sports Co-Editor
Abby Borkowski	Girls' Sports Co-Editor
Emily Kucharczyk	Photography Editor
Rob Buczek	Design Editor
Ian Race	Business Editor
Jeff Pajor	Copy Editor
Judith O'Brien	Literary Advisor
David Pasco	Business Advisor

We would also like to extend our appreciation to the students and teachers who helped make this yearbook possible:

Mrs. Rosalind Ward	Erik Larson
Mrs. Barbara Brown	Tracy Contino
Mr. Rex Smith	Steph Galvin
Scott Meyer	Anne Neville
Steven Pagella	Robin Erickson
Brenna Newman	Laurie Chamberlin
Ryan Szczepanik	Mr. Jim Horbal
Noel Dorsey	of the Town Hall
Laura Bugay	

The Lamp Staff extends its most sincere gratitude to Mrs. Judith O'Brien, our Literary advisor, for her endless hours of assistance and support. Thank you!

Between the covers of this book are impressions of the past four years. From the moment we stepped into the school as freshmen on August 30, 1991, up until June 18, 1995, we have been a part of Berlin High School. We have been students, leaders, and peers within the many facets of BHS. Our day, from 7:30 until 1:45, possibly even later, has been spent at school. Familiar faces comforted us. We have been bound to our daily schedules of classes, sports, and clubs. We have received impressions from the people and experiences that we have had during the short time spent in the halls of Berlin. Where are we going from here? Who will be with us? Each of us is leaving BHS, whether we are going to work, college, staying in Berlin, or leaving home. It is now time for us to make our own impressions on the world. For some, the world will feel the impact of their feet upon it. Others will find footsteps to guide them. No matter where we go, whom we meet, or what we become, all of us have shared the *impressions* of Berlin High School and the Berlin community.
